**SUGGESTED ELECTIVES:** Additional rotations on any of the above required assignments.  
(Elective rotation on OB is expected for any resident planning to do OB in practice).

Allergy	Gastro.	Medicine Teaching Service Elective	Radiology/Pathology
Emergency Medicine	FM Preceptorship	Nephrology	Rehabilitation
Endocrinology	Hematology/Oncology	Plastic Surgery	Research
FM Rotation	Infectious Disease	Procedural Rotation	Vascular Surgery Evaluation

**OTHER ELECTIVES:** Residents can design individual learning experiences to meet specific areas of concentrated learning or needs. To arrange electives outside of those listed previously, the resident must submit a rotation description; including goals, objectives, mechanics, supervision, and methods of evaluation. Such electives must be approved by the Program Director prior to beginning the rotation.

**HOME STUDY/**

**INDEPENDENT STUDY:** At times residents need to create an at home independent study elective to meet specific needs (e.g. after a maternity leave). These proposals must be approved by the Director and include the following components: 1. Goals and objectives. 2. Clinical responsibilities, amount of clinic time and coverage of inpatients and nursing home patients. 3. The equivalent of 4 hours of academic work per day. 4. The supervising faculty and the methods of evaluation.
